

E.A.G.L.E. PROGRAM<sup>®</sup>  
JAPAN

## EAGLE Workshops

**Inspiring your research productivity through  
Critical Thinking, Critical Reading, Critical Writing:  
Workshop for non-native English researchers**

**EW1: Fundamentals to Innovative Research [EW1-G]  
EW2: Developing Theory from Literature [EW2-G]**

Invitation to Short-term workshop for Japanese researchers/graduate students

### **EAGLE Workshop Fundamentals to Innovative Research [EW1-G]**

Schedule	<b>2019.1.19 (Sat)-1.20(Sun)</b>	2019.3.2 (Sat)-3.3(Sun)
	2019.3.7(Thu)-3.8(Fri)	Each day: 10 am -6 pm

### **EW2: DEVELOPING THEORY FROM LITERATURE [EW2-G]**

Schedule	2019.3.4(Mon)-3.5(Tue)	2019.3.9(Sat)-10(Sun)
	Each day: 10 am – 6 pm	

### **Intent and Purpose**

E.A.G.L.E. (Excellence Accelerator for Grounded Learning Environment) Program<sup>®</sup> is an educational innovation created by Professor Rahinah Ibrahim, Universiti Putra Malaysia (UPM), to support non-native English researchers understanding easily intellectual process.

This program is set for Japanese Researchers and Postgraduate Students as 2-day workshops in 3 courses. Each course is led directly by Professor Rahinah Ibrahim, implementor of E.A.G.L.E. Program.

These are practical workshop. Workshop 1 focuses on looking over your “PhD journey” and targeting your research question. Workshop 2 focuses on critical literature review, making draft of research paper guided by the structured EAGLE framework.

Organized by: Healthcare Research Inc., Japan

Training by: Grounded Learning (M) Sdn. Bhd.

\* This training is providing by Grounded Learning (M) Sdn. Bhd under licensing of Universiti Putra Malaysia, operating by Healthcare Research Inc.

# **EW1: FUNDAMENTALS TO INNOVATIVE RESEARCH [EW1-G]**

## **COURSE SYNOPSIS**

When writing a research proposal, you need to know, plan and manage your PhD journey. In EAGLE Workshop 1: Fundamentals to Innovation Research [EW1-G], you will not learn how to write a research proposal, rather you will learn the key points of what make a research proposal more focused and better aiming for that PhD quality and outcome that you always wanted to solve your problem.

## **COURSE EXPERIENCE**

Through this workshop, participants will learn how to retarget their PhD research into becoming their PhD graduated area of expertise. The challenge is, how to solve your personalised research problem? The E.A.G.L.E. approach provides you the understanding on how to utilize research questions to retarget your future area of expertise, and mapping that whole PhD journey to get your degree. This workshop is highly recommended to those who are starting, those who want to pivot their research, and those who wish to realign their interest with their PhD work.

## **GOOD FOR:**

1. Preparation for Research Postgraduate studies (Master & PhD)
2. Part time research students
3. Planning for grant applications
4. Realigning interest or expertise with PhD work
5. Pivoting researches to a higher impact research outcome

## **COURSE COVERS**

1. Keeping your Master/PhD original.
2. Finding your main Research Question in 2 days.
3. Ph.D. technical skills needed to complete PhD study in 36 months.
4. BONUS: Tips to do your Literature Review quickly and effectively.

## ■ Schedule (Tentative)

The First day	9:30 10:00  10:30  12:00 13:00  15:00 15:30  17:30 18:00  18:00-19:00	Registration Opening Workshop 1A - Overview Workshop 1B - Problem Identification <Lunch> Workshop 1C - Fundamentals of E.A.G.L.E. Table <Break> Workshop 2 - E.A.G.L.E. Templates Conclusion Closing the first day  Mentoring hours (advanced reservation)
The Second day	9:30 10:00  12:00 13:00  17:30 18:00  18:00-19:00	Registration Workshop 3A - Research Abstracts Workshop 3B - Literature Review (Level 1) <Lunch> Workshop 3B (intermediate-break) - Literature Review (Level 2) - Literature Review (Level 3) - Literature Review (Level 4) Conclusion and Certification Closing  Mentoring hours (advanced reservation)

### EW1: FUNDAMENTALS TO INNOVATIVE RESEARCH [EW1-G]

Schedule/Venue	2019.1.19 (Sat)-1.20 (Sun) 10 am-6 pm NATULUCK Kanda-kitaguchi ekimae 3F Meeting room (Takato Building 3F, Kanda Kaji-cho 3-3-3, Chiyoda-ku, Tokyo 101-0045) 2019.3.2 (Sat)-3.3 (Sun) 10 am-6 pm Tokyo, to be determined 2019.3.7 (Thu)-3.8 (Fri) 10 am-6 pm Tokyo, to be determined
Price	30,000JPY (2 days short-term workshop, mentoring & training materials)*
Participants	50 persons

**\*Offering Combo program of EW-1+EW-2(less 10%) or Single program.**

## **EW2: DEVELOPING THEORY FROM LITERATURE [EW2-G]**

### **COURSE SYNOPSIS**

The literature journey will take you to places of knowledge wonders that your fore-researchers have gone through. Most importantly, it will take you to new potentials which you have no vision before. Join us, and see how you may find your own theory by first knowing what are the main components that made them up.

### **COURSE EXPERIENCE**

The uniqueness of this workshop is that E.A.G.L.E. understands the problem faced by researchers when coming up with their own article paper. Through this understanding, E.A.G.L.E. came up with in class structure guidelines to create theory in just 2 days! Understanding how to utilize literature review and critically reviewing it is the most challenging part of writing the article. This process will end with churning out a theory. The E.A.G.L.E. workshop strengthen the theory creation by researchers themselves to contribute new knowledge in their own field. It is minimum to have a theory to graduate a PhD and that is why this workshop is highly recommended for those who are pursuing Master & PhD.

### **GOOD FOR:**

1. Drafting literature review for thesis
2. Developing your own theoretical framework
3. Planning to write a SCOPUS publication article

### **COURSE COVERS**

1. Targeting solution from the E.A.G.L.E Table. (from EW1)
2. Basics of critical review and writing techniques.
3. Prioritizing results from your critical literature review.
4. Easy technique for drafting literature review chapter.
5. BONUS: Drafting format for your first journal article.

■ **Schedule (Tentative)**

The first day	9:30	Registration
	10:00	Opening
		Workshop 1 - Introduction
	10:30	Workshop 2 -Research Abstract
	12:00	<Lunch>
	13:00	Workshop 3 - Do you have a problem ?
	15:00	<Break>
	15:30	Workshop 4 -Handling theoretical development
	17:30	Conclusion
18:00	Closing the first day	
	18:00-19:00	Mentoring hours (advanced reservation)
The second day	9:30	Registration
	10:00	Workshop 4 --Handling theoretical developmen
	12:00	<Lunch>
	13:00	Workshop 5 Scientific writing foundation
	17:30	Conclusion and Certification
	18:00	Closing
	18:00-19:00	Mentoring hours (advanced reservation)

**EW2: DEVELOPING THEORY FROM LITERATURE [EW2-G]**

Schedule/Venue	2019.3.4(Mon)-3.5(Tue) 10 am-6 pm Tokyo, to be determined
	2019.3.9(Sat)-3.10(Sun) 10 am-6 pm Tokyo, to be determined
Price	45,000JPY ( 2 days short-term workshop, mentoring & training materials)*
Participants	40 persons

**\*Offering Combo program of EW-1+EW-2(less 10%) or Single program.**

## **ITEMS TO BRING:**

- **LAPTOP WITH MICROSOFT WORD OTHER SIMILAR SOFTWARE INSTALLED**
- Minimum 5 Articles (for EW1) or 30 Articles (for EW2) related to your topic of interest (soft copy or hard copy)

Details will be informed with participant slip.

## **Confidentiality**

- This workshop will be derived from the subject of future research or current researching.
- Please accept that all participants require to sign the Non-Disclosure Agreement at the beginning of workshop.

## **Registration process**

- **Submit the registration form via website of EAGLE Navigator Japan.**

**URL <https://eaglenavigator.com/eagleprogramjapanjp/>**

Registration form is linked from “Submit Entry Form”.

Please fill and submit the entry form,

- Or, please contact [eagle@healthcare-research.jp](mailto:eagle@healthcare-research.jp). The link to Entry form will be informed.

## **Payment instruction**

1. Invoice will be sent to registered e-mail address.
2. Please make remittance to indicated bank account
3. Credit card payment is available via PayPal.
4. Claiming to a Research funds is also available. Please ask at submitting the entry form.
5. After received the remittance, the participant slip will be send via e-mail.

## **Certification**

- The certification will provide at the closing of course.

## Profile of Prof. Rahinah Ibrahim

- PhD (Stanford University'05)
- M.Arch (SCI-ARC'90)
- 7 years industry, 21 years Academia
- Recipient, National Academic Award 2013
- Recipient, Top Research Scientists Malaysia 2012
- Ethnographer. Skill to dissect and translate cognitive behaviour based on socio-cultural and environmental context.

## Testimonies

"I wish I had learned earlier. I strongly recommend this course to younger fellows in my graduate school."

— a participant from Company (Research & Development section)

"I have to submit an article for publication of research as soon as possible. The draft of submission paper has been done."

— a doctor from university hospital

"I got a mapping next research plan."

— a professor in medical science

"I found insufficient part of my teaching method"

—a professor in social science

\*2018.8.27-30 "ZERO TO AUTHOR" WRITING BOOTCAMP FOR RESEARCH PAPER  
Academic Research Writing Bootcamp, in Tokyo

*"...this is a problem solving technique. Very effective and applicable. It's like a TOP SECRET STRATEGY for research work!"*

Anonymous, UK (Feb 1-4 2016,  
UK Workshop)

*"I came unprepared and zero knowledge... This method has changed my perspective about continuing my PhD. It's not that difficult if you know the right method."*

Anonymous, Taylor (Aug 9-10  
2017, Taylor's U Workshop)

*"I almost lost my spirit in continuing my Phd. After attended this course I cant wait to end my Phd journey."*

Anonymous, UPM (Mac 25-26  
2016)
